FOR IMMEDIATE RELEASE:

Sweet Tomatoes plans to open in Granada Shoppes

Collier County residents will have another dining option this time next year. Courtelis Company has signed a lease with Garden Fresh Restaurant Corporation, which plans to open a new Sweet Tomatoes restaurant at “Granada Shoppes” in the spring or summer of 2010, in an 8,000 sq. ft. building. Granada Shoppes is located at Tamiami Trail and Immokalee Road.

Garden Fresh Restaurant Corp. owns 110 restaurants throughout the country including the Sweet Tomatoes brand, a chain of restaurants that serve all-you-can-eat soup, salad and bread with an emphasis on fresh ingredients.

The Naples Sweet Tomatoes will be the second restaurant in the chain to open in Southwest Florida. The other is in Fort Myers off of U.S. 41.

The new Naples Daily News headquarters building is also scheduled to open off Immokalee Road, just east of Granada Shoppes later this summer.
